

Crawford Tracey Product Portfolio

Pro-Tech 4SG	A 4.0 inch four-sided structurally glazed (SG) window wall system. Available in tempered and insulated glass for Non Impact (NI) applications, approved with the State of Florida.
Pro-Tech 45	A 4.5 inch captured window wall system. Available in laminated glass for Large Missile Impact (LMI) and Small Missile Impact (SMI) applications, approved with Miami-Dade County and the State of Florida.
Pro-Tech 45SG	A 4.5 inch four-sided structurally glazed (SG) window wall system. Available in monolithic, laminated, insulated and insulated laminated glass for Large Missile Impact (LMI) and Small Missile Impact (SMI) applications, approved with Miami-Dade County and the State of Florida.
Pro-Tech 6SG	A 6.0 inch four-sided structurally glazed (SG) window wall system. Available in tempered and insulated glass for Non Impact (NI) applications, approved with the State of Florida.
Pro-Tech 7	A 7.0 inch fully captured curtain wall system. Available in laminated glass for Large Missile Impact (LMI) and Small Missile Impact (SMI) applications, approved with Miami-Dade County and the State of Florida.
Pro-Tech 7SG	A 7.0 inch four-sided structurally glazed curtain wall system. Available in monolithic, laminated, insulated and insulated laminated glass for Large Missile Impact (LMI) and Small Missile Impact (SMI) applications, approved with Miami-Dade County and the State of Florida.
Pro-Tech 9SG	A 9.0 inch four-sided structurally glazed curtain wall system. Available in monolithic, laminated, insulated and insulated laminated glass for Large Missile Impact (LMI) and Small Missile Impact (SMI) applications, approved with Miami-Dade County and the State of Florida.
Pro-Tech 14SG	A 14.0 inch four-sided structurally glazed curtain wall system. Available in monolithic, laminated, insulated and insulated laminated glass for Large Missile Impact (LMI) and Small Missile Impact (SMI) applications. Currently in testing to meet the requirements of Miami-Dade County and the State of Florida.
Pro-Tech Custom	As an innovative designer and fabricator of high performance commercial glazing systems, Crawford Tracey can design or modify its Pro-Tech systems to offer a custom solution for the most challenging or unique project requirements.
